

Arasavilli Laxmana Rao

STUDENT

I am currently pursuing fourth year of B.Tech in Computer Science and Information Technology branch. I am always eager to learn and adapt to new situations. I have a logical mind with a practical problem-solving approach. As a highly motivated and detail-oriented Front-end Developer, I am passionate about crafting user-friendly web interfaces. My expertise lies in HTML, CSS, and JavaScript, bolstered by proficiency in various front-end libraries.

- June 2020 - April 2024 **BTECH, Lendi Institute of Engineering And Technology**
- June 2018 - April 2020 **INTERMEDIATE, Ap Model School And Junior College**
- June 2017 - April 2018 **10TH CLASS, Sri Aditya Vidyalayam**

INTERNSHIPS

Web Development and Designing Internship at Oasis Infobyte

Web Development Internship at Bharat Intern

SKILLS

Java	Data Structures & Algorithms	MySQL	HTML5, CSS3
JavaScript	ReactJs	jQuery	Bootstrap 5

PROJECTS

Designed and developed an educational application for Startup organization HOPE. Collaborated with the startup team to understand project requirements and translate them into components and features.

Leveraged OpenAI's API to develop a dynamic and efficient solution for converting voice and text inputs into corresponding images, enhancing user interaction and experience.

I've crafted clone websites mirroring popular platforms including WhatsApp, YouTube, and a Media Player, showcasing expertise in frontend development and user interface design. Leveraged HTML, CSS, and JavaScript to replicate the functionality and aesthetics of the original platforms, ensuring a seamless user experience.

Crafted a Dynamic Quiz application that utilizes external api's which helps to fetch and display Questions
